Subject: Application for the Position of ICT Trainer (Intensive ICT Training Program & Advanced Level ICT Trainer)

Dear Recruitment Committee,

I am writing to express my strong interest in the position of **ICT Trainer** at Intango TSS under the Digital Skills for Employability Program (DSE), in partnership with Mastercard Foundation and consortium partners. With a solid academic background in **Information Technology** from IPRC Kigali, hands-on teaching experience, and extensive certifications in modern digital technologies, I am confident in my ability to effectively contribute to your mission of equipping young people with the knowledge and skills needed to transform communities.

Through my education and professional experience, I have developed a broad and practical expertise in **software development, networking, cybersecurity, cloud computing, data analytics, artificial intelligence, and digital marketing**. My internships at reputable institutions such as the **National Bank of Rwanda, Pixel Inc Ltd, and Etite Limited**, combined with my employment at **ISHYIGA Software**, have strengthened my ability to train, mentor, and guide learners in applying ICT skills to solve real-world problems.

Importantly, I had the privilege of serving as a **Volunteer Lecturer at Intango TSS** (Feb–May 2025), where I gained direct experience in training students and engaging them in hands-on ICT modules. This role not only enhanced my teaching skills but also deepened my passion for empowering young people, particularly in a faith-based environment that emphasizes holistic growth through knowledge, skills, and values.

I hold multiple **professional certifications** in Networking, Cybersecurity, Data Science, IoT, and Programming (JavaScript, Python), which equip me with both the technical depth and versatility required to deliver intensive ICT training at different levels. Beyond technical expertise, I bring strong communication skills in **English, Kinyarwanda, and French**, digital literacy, and the ability to adapt training methods to diverse learners.

I am particularly inspired by Intango TSS's commitment to innovation, employability, and entrepreneurship through the love of Jesus Christ. I strongly believe that my skills,

experience, and passion for ICT training align with your mission of transforming communities and preparing youth for the digital future.

I kindly submit my application for your consideration and would welcome the opportunity to contribute to this impactful program. I am confident that, if given the opportunity, I will bring dedication, professionalism, and creativity to the role.

Thank you for considering my application. I look forward to the possibility of discussing how my background and vision align with Intango TSS's goals.

Yours sincerely,

INGABIRE Josiane
